What actions will we take?

To improve the equity and quality of our care to every person every day, through delivering safe, effective and person centred services.

To jointly support the reduction of inequalities and disadvantage within Lochaber through active engagement with the public and facilitation of the Lochaber Community Partnership

Equality meeting diverse needs of people and communities

Resilient places and communities

Supporting wellbeing and health

Improve access to activities for young adults, children parents, and promoting joint activity with young adults with learning disability.

Improve economic opportunities within the village. Small business and tourism

Maximise the benefit of the 20% increased footfall of tourists within area.

Reduce social isolation and promote community spirit and resilience.

Improve mental health team response to acute mental health crisis.

Ensure community has active participation and influence regarding the new Belford hospital programme

Reduce road risks and promote safer driver skills by locals and visitors.
